

Reading a bar graph

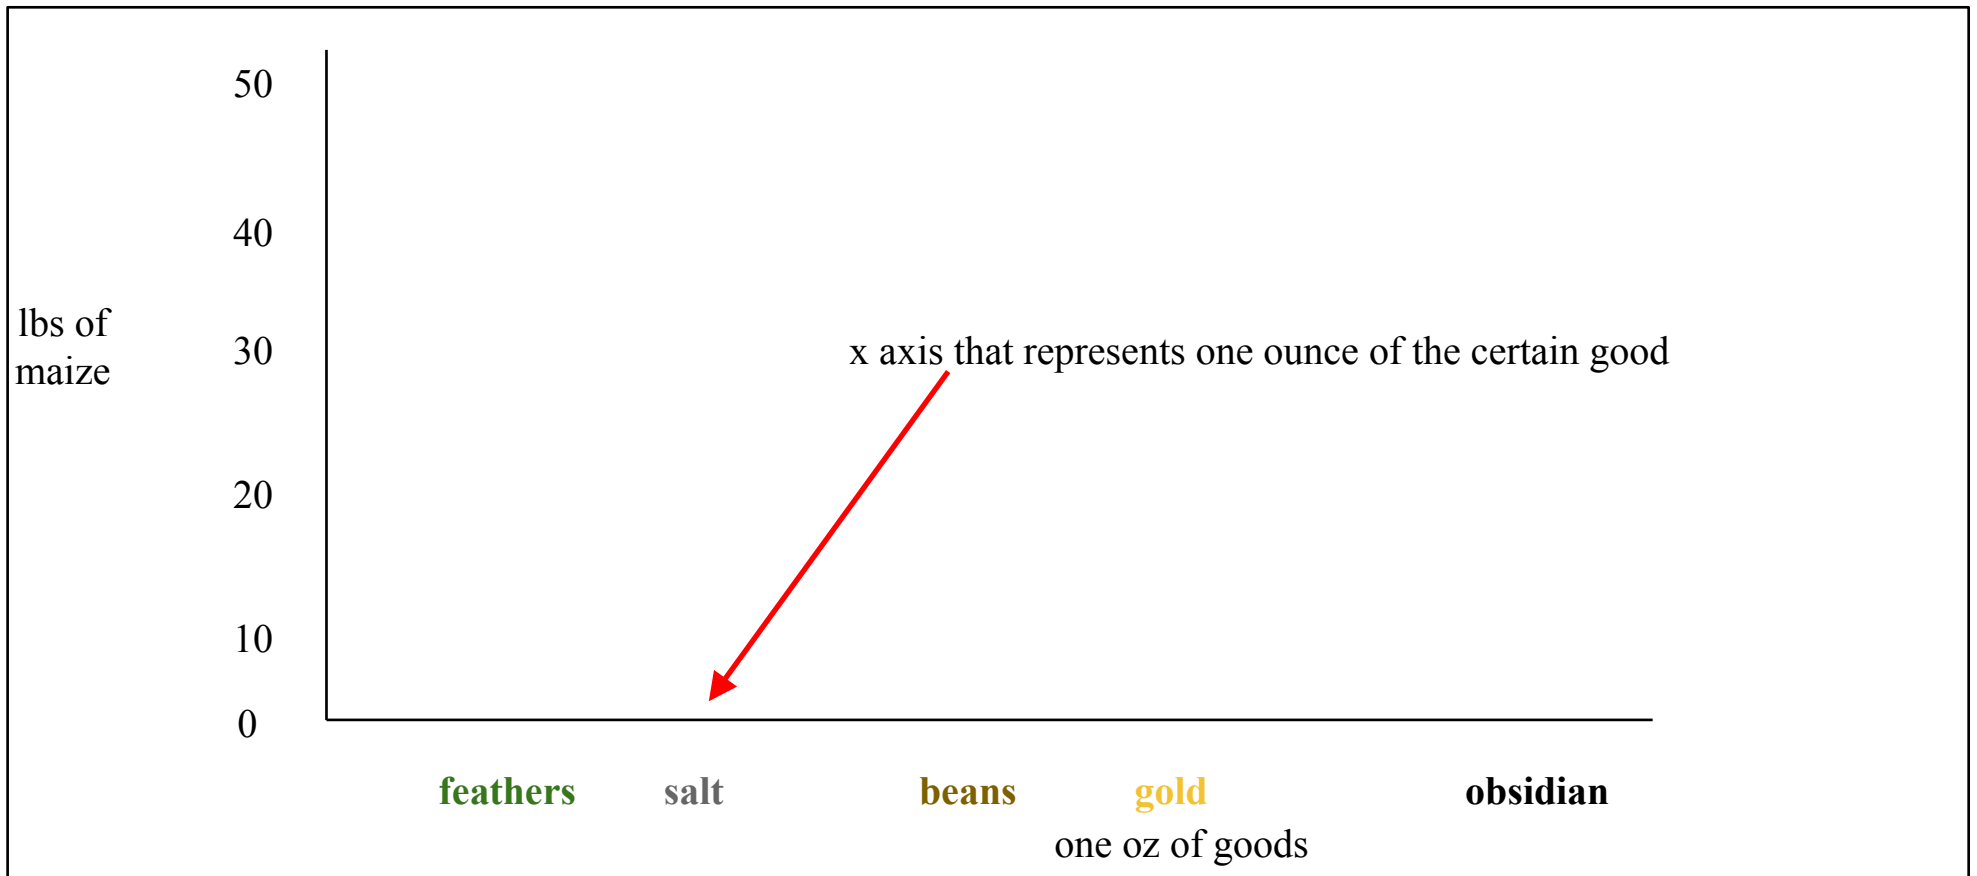

Let's look at the parts of our bar graph.

So we label our graph like this:

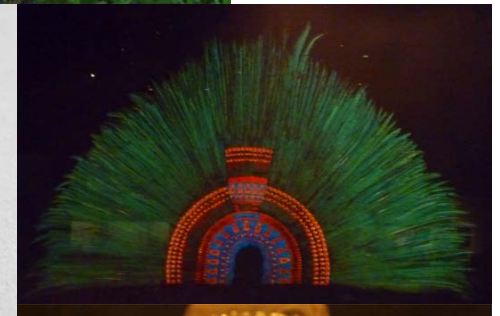

So we label our graph like this:

We need to remember the trade values. Let's break it down...

1 oz quetzal feathers	50 lbs maize
1 oz salt	1 lb maize
1 oz cacao beans	2 lbs maize
1 oz gold	20 lbs maize
1 oz obsidian	5 lbs maize

Then, we graph our trade values from the problem.
