

**Problem Solving:
Write down the
numbers and what
they represent**

**Super Amy can lift 422 books.
Vin-credible can lift 115
books. How many total books
can Super Amy and Vin-
credible lift?**

Super Amy = 422 Books
Vin-credible = 115 Books

422

+

115

=

537

**Write out
the numbers and
what they
represent.**

Super Amy can read 28 books in 14 seconds. Vin-credible can read 25 books in 10 seconds. Who read more books per second?

Super Amy – Read – 14 seconds
Super Amy – Finished – 28 books
Vin-credible – Read – 10 seconds
Vin-credible – Finished – 25 books

| Person | What | How Many |
|---------------------|-----------------|-------------------|
| Super Amy | Read | 14 seconds |
| Super Amy | Finished | 28 books |
| Vin-credible | Read | 10 seconds |
| Vin-credible | Finished | 25 books |

28

/

14

=

2

2 1/2

or

25

/

10

=

2.5

or

2 remainder

5

2

2.5

Using the table
made this problem
a lot easier.
